

2017 Net control script: <http://www.voiceofidaho.org/net.pdf>

The VOI general purpose Net meets every Thursday evening at 8:00 pm MT. Two repeaters are linked during the Net.

146.840 MHz 100 Hz PL Shafer Butte

146.620 MHz 100 Hz PL Snowbank Mountain

If you would like to try your hand at calling the Net, please let us know by getting in touch with a board member. New voices are encouraged and always welcome!

There is also the independent Over the Hill Commute Group Net every weekday at 7:10 a.m. MT on 146.840 Mhz repeater.

This is an open Net and all licensed amateur radio operators are welcome.

---
